

Call for Travel Awards to attend the SFRR-E Ghent Meeting 2022

Dear colleagues,

We are pleased to announce the call for SFRR-E travel awards for students and postdocs to attend the 2022 SFRR-E Annual Meeting **“Oxidative stress, redox biology and antioxidants from plants to humans”** that will be held jointly with the Plant Oxygen Group in Ghent from 24 - 26 August.

- 12 travel awards of 400 Euros each for European students or postdocs members of SFRR-E
- 4 travel awards of 900 Euros each for non-European students or postdocs members of SFRR-E or a SFRR Regional Society

The applications should be submitted online through the SFRR-E website (<https://www.sfrr-europe.org/>) as a single PDF file containing a CV, a supporting letter outlining your interest, and an abstract for a communication to be presented during the conference.

As registered user of the SFRR-E intranet you will have access to submit your application when you login into the website (<https://www.sfrr-europe.org/>) and select the option “Call for Travel Awards for SFRR-E Ghent 2022” in the menu on the left.

The deadline to receive submissions is **7th April 2022**. The decision about awardees will be announced before the early-bird registration deadline and the corresponding funds will be transferred to the awardees soon after this announcement.

In addition, the applicants should submit their abstracts online through the conference website before 20th April 2022, which is the deadline for abstract submission.

Conference website: <https://www.redoxbiologycongressliege.be/>

Please do not hesitate to contact me at info@sfrr-europe.org should you need further information.

Thank you for your attention.

Best wishes,

Clare Hawkins

General Secretary, SFRR-Europe
